Projects
- Onelife- This interface serves as an administrative hub, empowering customers to effectively address and manage their concerns regarding the electronics products they have purchased from the company called onelife , I developed and enhanced this web applications using PHP, MySQL, JavaScript, Alpine.js, Bootstrap, and CSS, while also gaining valuable experience in teamwork and collaboration.
- Tribal Welfare-Our assignment ambitions to manage donations efficaciously, curbing the danger of NGO budget being misused, even as ensuring every contribution directly benefits tribal groups, fostering transparency and duty , I developed this web applications using HTML, Bootstrap, and CSS, while also gaining valuable experience in teamwork and collaboration.
- Justping- An intuitive platform connecting vendors and customers seamlessly, revolutionizing online shopping with diverse products and secure transactions, I developed this web applications using PHP, MySQL, JavaScript, Alpine.js, Bootstrap, and CSS, while also gaining valuable experience in teamwork and collaboration.
